POINTS OF ATTENTION

• Remuneration: = optional, between yourself and the company / organization you work for
• Assignment: stay close to the course description and objectives (avoid 100% admin work)
• But: most internship assignments, like your “real” job afterwards, require admin work!
• Be aware that you represent the university and your MSc program as well, so impeccable behavior is expected!
• Pay attention to your e-mail regarding general aspects of the process (given potential change process with VUB Career Center)
• For Bachelor and Master students without internship courses within their programmes (e.g. MSc Management)
• Also for additional internships on top of mandatory internship
• Internship offers and contracts:
  • Nederlandstalige versie  www.vub.ac.be/careercenter
  • English version  www.vub.ac.be/en/careercenter
• Faculty does not administratively support internships outside credit contracts
• In other words: students wanting to perform an internship and get credits for it need to enroll for an additional credit (with reporting requirements at the end to obtain the credit) through a credit contract (pay attention: register before October 15th)
The internship can be accepted if:

- It is linked to the study domain and the tasks are in line with the level of the study degree
  - So no lower skilled admin work (be aware that abuse exists)
- Administrative handling by the VUB Career Center (location ground floor building B)
  - Search for an internship
  - Contract arrangements
  - Contact: Contact careercenter@vub.ac.be
  - Other career services also available
• Procedure:
  • Send the internship description to the entitled professor of the internship course (via e-mail);
  • After approval, go to the academic career consultant ('studietrajectbegeleider') to complete your official demand for a credit contract;
  • After receiving the credit contract from VUB central enrolment, go to the VUB Career Center for your internship contract.

• Other internships (outside curriculum, without credit contract): seek advice from the VUB Career Center
